RE: Third International Workshop on HIV Persistence during Therapy

I am delighted to announce the ***Third International Workshop on HIV Persistence during Therapy***, scheduled for December 4-7, 2007 at the Westin St Maarten Dawn Beach Resort, Phillipsburg, St Maarten.

As this Workshop has become known as “*THE reference workshop on HIV reservoirs*”, the program format will continue to follow the past successes and include presentation of new, unpublished data and a panel of experts to sum up the current data in the field. Priority will be given to the quality of scientific research and new data. These guidelines enable us to achieve coverage of the past workshops by major international journals. We encourage highly animated scientific exchanges, in a relaxed and friendly environment. To achieve these goals, the number of participants is voluntarily limited and participants must have submitted abstracts for selection as either an oral or poster presentation. As in previous years, selection will be extremely rigorous and conducted by the Scientific Committee.

On behalf of the Organizing Committee, we would like to ask for your support, which is essential for the success of this workshop. Informed Horizons, LLC (IHL) will serve as the Secretariat for the *Third International Workshop on HIV Persistence during Therapy*. Your contribution should be made payable to:

Informed Horizons, LLC
1631 Phoenix Boulevard, Suite 4
College Park GA 30349, USA

If you have any questions, please do not hesitate to contact me directly or contact Margie Poole, Secretariat, at +1 770 997 2484 x111. To commit your support, please fax your completed fax-response form to: +1 770 997 2488.

We would like to express our gratitude for your generous support for the *Third International Workshop on HIV Persistence during Therapy*.

Kind regards,

Alain Lafeuillade, MD
