**November 1, 2022: Abstract's notification of abstract status**

### I. GENERAL INFORMATION

- 1) Applicants should complete the online abstract registration form on [www.hiv-persistence.com](http://www.hiv-persistence.com) before **October 17, at midnight**.  
Your email address has to be valid. Online registration has to be done before submitting your abstract.  
A login and password will be sent by email.  
**Abstracts sent by fax or by mail will not be considered.**
- 2) Authors can submit several abstracts.
- 3) Authors can choose whether to submit an oral communication or a poster abstract. The Scientific **Committee will take the final decision on the type of presentation**.  
The organizers will publish only the work of accepted abstract candidates who are fully registered for the congress.
- 4) Only abstracts based on valid studies' results will be selected.
- 5) Your abstract should not exceed 350 words - 1900 characters. Titles are limited to 30 words.  
The summary must be structured as below:
  - **Background:** indicate the purpose and objective of the research, the hypothesis that was tested or a description of the problem being analyzed or evaluated.
  - **Methods:** describe the study period / setting / location, study design, study population, data collection and methods of analysis used.
  - **Results:** present as clearly and as much in detail as possible the findings / outcome of the study, Please summarize any specific results.
  - **Conclusions:** explain the significance of your findings / outcomes of the study for HIV prevention, treatment, care and/or support, and future implications of the results.
- 6) Complete table and figure: no more than one simple image should be submitted per application (table or illustration). A limit of 50 characters should be observed.
- 7) Blind peer-review process: summaries will be assessed anonymously by the Scientific Committee and will be evaluated by a panel of international reviewers according to the following criteria:
  - Originality
  - Coherence between the method and the results
  - Scientific interest
  - General presentation

Applications will be marked by the Scientific Committee and review panel and an average rating will be attributed to each proposal. In this way, abstracts will be selected for oral or poster presentations. Applicants will be advised of the Scientific Committee's final decision **from November 1, 2022**.

8) Summaries not corresponding to the instructions will not be taken into account.

## II. ABSTRACT THEMES

The abstract category is the general heading under which an abstract is submitted and reviewed. The accepted abstracts will be published under this heading in the Conference Program.
